How to Authenticate This Official Transcript From Indiana State University

This official transcript has been transmitted electronically to the recipient, and is intended solely for use by that recipient. If you are not the intended recipient, please notify the Office of Registration and Records at Indiana State University. It is not permissible to replicate this document or forward it to any person or organization other than the identified recipient. Release of this record or disclosure of its contents to any third party without written consent of the record owner is prohibited.

This official transcript has been digitally signed and therefore contains special characteristics. If this document has been issued by the Indiana State University, and for optimal results, we recommend that this document is viewed with the latest version of Adobe® Acrobat or [Adobe® Reader](#); it will reveal a digital certificate that has been applied to the transcript. This digital certificate will appear in a pop-up screen or status bar on the document, display a blue ribbon, and declare that the document was certified by the Indiana State University with a valid certificate issued by GeoTrust CA for Adobe®. This document certification can be validated by clicking on the Signature Properties of the document.

The blue ribbon symbol is your assurance that the digital certificate is valid, the document is authentic, and the contents of the transcript have not been altered.

If the transcript does not display a valid certification and signature message, reject this transcript immediately. An invalid digital certificate display means either the digital signature is not authentic, or the document has been altered. The digital signature can also be revoked by the transcript office if there is cause, and digital signatures can expire. A document with an invalid digital signature display should be rejected.

Lastly, one other possible message, Author Unknown, can have two possible meanings: The certificate is a self-signed certificate or has been issued by an unknown or untrusted certificate authority and therefore has not been trusted, or the revocation check could not complete. If you receive this message make sure you are properly connected to the internet. If you have a connection and you still cannot validate the digital certificate on-line, reject this document.

The Institution is accredited by the Higher Learning Commission of the North Central Association and by NCATE.

As of Fall 1959, Indiana State University operates under the semester system. Prior to Fall 1959, credits were listed on the basis of quarter hours.

Effective Fall 2009, a new plus/minus grading system was implemented. Grade values are determined by when courses were taken as outlined in the following charts:

Graduate Grading System

Effective Fall 2013, regardless of the number of times a course is repeated, only the highest grade earned is computed in the grade point average. Excluded courses are not included in any GPA computation. Prior to Fall 2013, a course could only be repeated once for grade improvement.
